Email: grajveer260@gmail.com
LinkedIn: linkedin.com/in/rajveer-gill-0bba13369
GitHub: github.com/rajveergill08
Location: Ahmedabad, Gujarat

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, SQL
Frontend: HTML, CSS, JavaScript, React.js
Backend: Node.js, Express.js, REST APIs
Database: MongoDB, MySQL
Tools: Git, GitHub, VS Code, Postman
Other: Responsive Design, Debugging, Problem Solving, REST APIs, Teamwork

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science Engineering
Indus University, Ahmedabad
Expected Graduation: 2027
CGPA/Percentage: [Add details]
Relevant Coursework: DSA, OOP, DBMS, Operating Systems, Software Engineering, Web Development

CERTIFICATIONS

- React.js Internship / Training - Sparks To Ideas | 04 Jun 2025 - 04 Jul 2025
- KICT DMCP Course
- Innovate with Full-Stack: Frontend to Backend - Indus University | Dec 2024
- Web Development Course - Udemy

LANGUAGES

English, Hindi, Gujarati

PROFESSIONAL SUMMARY

Fresher Computer Science student focused on web development, full-stack applications, and practical software development. Skilled in HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Git, debugging, and responsive design. Experienced in building academic, personal, and hackathon projects involving dashboards, CRUD workflows, user interfaces, and REST API concepts. Seeking internship opportunities to contribute to real-world software projects and continue learning modern development practices.

PROJECTS

CoreInventory - Hackathon Group Project

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB
GitHub: github.com/rajveergill08

- Built a full-stack inventory management platform to manage products, stock records, and dashboard workflows.
- Implemented authentication, product management, inventory updates, and responsive navigation with team collaboration.
- Tested login, stock update, dashboard access, and CRUD workflows to improve reliability.

Portfolio Website

Tech Stack: HTML, CSS, JavaScript / React.js

- Designed and developed a responsive personal portfolio website to showcase skills, projects, certifications, and contact details.
- Created clean project sections and contact flow to improve personal branding and recruiter accessibility.
- Improved usability with a simple layout, readable content structure, and mobile-friendly interface.

Expense Tracker

Tech Stack: HTML, CSS, JavaScript / React.js / Node.js / MongoDB
GitHub: github.com/rajveergill08

- Built an expense tracking application to manage income, expenses, balance, and transaction history.
- Implemented add/delete transactions, balance calculation, and expense history for better financial tracking.
- Designed a simple, responsive user interface to improve usability across desktop and mobile screens.

TRAINING

React.js Internship / Training - Sparks To Ideas | 04 Jun 2025 - 04 Jul 2025

- Completed one-month practical training focused on React.js, component-based UI development, and JavaScript fundamentals.
- Practiced responsive design, frontend implementation, debugging, and project-based development exercises.

ACHIEVEMENTS

- Built CoreInventory as a hackathon group project with team collaboration and full-stack development workflow.
- Created web projects covering portfolio design, expense tracking, responsive UI, and JavaScript-based functionality.
